PRICE OF DAILY JOURNAL,

25 CENTS. PUBLISHED WEEKLY.

TOWN AND COUNTY.

Six prisoners in the County jail.

Senator Hammond, of Ormsby, was in town last night.

The soldier boys will have a street parade Friday night.

The State officers will be here to a man on the Fourth.

H. A. Waldo, of the Times, is nursing a case of rheumatism.

To-day is the longest in the year. Better not work too hard.

There is considerable sickness in town among the little folks.

John Hogan has a house and lot for rent. See his 50-cent notice.

The McGinley troupe is playing in Modoc county to good houses.

Senator Fair has introduced a bill for the relief of Hubbard G. Parker.

It was cold yesterday. Not a bit like a day in the latter part of June ought to be.

Governor Kinkead came down from the Capital last night and will be with us to-day.

Miss Jennie Torreyson, one of Carson's most popular young ladies, is visiting Reno friends.

Manning & Berry are storing flour and grain in the room formerly occupied by the Reno Savings Bank.

Theo. Winters and Matt Allen went East yesterday morning to attend the races to be held in Chicago.

Pete Comstock rustled a flag fund of \$15 yesterday. The emblem will float to the breeze on the Fourth.

Miss Smith, daughter of J. C. Smith, has been selected to represent the Goddess of Liberty. A good selection.

The river is high. There is water enough running to waste in that stream to turn all the machinery on the coast.

The regular communication of Reno Lodge, No. 13, F. & A. M., will be held on Saturday evening. Three Trustees are to be elected.

Among the prizes won at the Turn Verein picnic Sunday were a gold medal by Mr. Wulf, and another by M. Bernard, both for gymnastic proficiency.

Mrs. E. A. Parker is in town for the purpose of establishing a Council of the Order of Chosen Friends. This order has been extensively introduced in California lately.

Washoe Lake is full of catfish. It is also the resort of wild ducks and geese. Sportsmen from Carson frequently go there and bag a good string of fish and more or less birds.

The C. P. company are gathering up and sending west all the available flat cars on the road between Sacramento and Ogden, for use in transporting California grain to tide water.

M. M. Gillespie and wife arrived from Lake Tahoe Monday evening. They will remain in Reno for a few days and then go to Bodie to reside. The JOURNAL wishes them much joy in their new life.

The Van Dusen box does not pan out very well in Virginia, for the benefit of Mellie Lyons. Sunday and Monday's yield was only \$2.65. The box will be sent to San Francisco in a day or two.

The clover has been dug out of the Court House yard and blue grass seed sown. When the new iron fence is completed, and this grass grown the yard will look better than it does now.

There will be an excursion party from San Francisco to the Sandwich Islands in a short time, and the total expense of the trip will be only \$125. This is a good chance for anybody in Reno who would like to take a pleasant sea voyage.

The Washoe City school will close one week from next Thursday. Miss Lou A. Spencer is the teacher and she has made an excellent record. Before the term closes she will hold an examination, and those who are interested in educational matters should attend.

Our Major Boys. Every night the Reno Guard meets at the Pavilion for drill. Our reporter witnessed their practicing night before last, and was pleased to see the proficiency attained. The evolutions were all well executed, the step good and the postures easy. They will continue their practicing nightly until the Fourth, and will doubtless abut themselves with credit. Their uniforms look well. Their present strength is about 80 men.

Virginia Guard.

The people of Virginia and Gold Hill decided at their meeting Monday night to have the usual celebration on the Fourth, and appointed the necessary committees. The Enterprise, speaking of the Reno invitation, says: "Hon. Jerry Schooling, W. E. Chamberlain and Sheriff Walker, of Reno, were present, for the purpose of extending an invitation to our people to join in the celebration that will be held in their town. Many persons thought well of the proposition, but notwithstanding the pleasure they were sure to take in mingling with the Renoites on the great anniversary—it was considered that some patriotic demonstration ought to be made at home. This being the case, the invitation was declined with thanks for the kindness that prompted the offer. Not a few of our people, however, are likely to find their way to Reno on the Fourth." Those who do attend may count on receiving the best treatment we have in the shop.

That Shooting Team.

After the shooting is all over with it will be well just to stop and consider the score a minute. The Carson Guard team have been organized for a long time and are constantly practicing. They are fine shots. They made 411 out of a possible 500. The Emmets and Washingtons are also well practiced teams. Their scores were 388 and 386 respectively. Then comes the Virginia Guard with only a score of 301, while our boys, who had only had their guns for a few days, with no organized team, and even four of those selected to shoot failing to put in an appearance, made but 287. Had Bragg made 28 the Renoites would have equalled the Virginias. Certainly if the full team as selected had been on hand our boys would not have been the last. We see no reason for chagrin, and expect to see the Reno boys rub even the Carsons.

Grasshoppers.

We have interviewed quite a number of farmers on the subject of grasshoppers and find them hopeful that the scourge is about over with. There are patches of them on the higher points, but they have not done much damage yet, and the farmers are destroying them with tireless energy. The crops this year will not suffer much. In fact it will be the best year for four years. In Sierra Valley they are still plentiful, and are almost as bad as they have been for the five or six years past. Farmers tell us that they poison what grass they do leave so that stock will not eat it, and when they are driven to hunger that it will not fatten them. The grangers of this section have had a hard time of it.

A Sad Case.

Those of our readers who were at the depot Sunday night when the V. & T. passenger train came in, saw the insane boy who was being taken to Stockton by Sheriff Hanks, of Virginia. The Sacramento Bee says of him: "He was handsome, smart looking and well dressed. He was in a state of very great nervous excitement, and it was said that his craziness was the result of religious meetings which excited him. He kept saying over and over to himself, while he trembled as in violent fear, 'Oh, I don't want to go to a hot place; I don't want to go to a hot place!'"

District Court.

Judge King was here yesterday, and the following business was done: Letters of administration were granted to Eugene Griswold on the estate of Lysander Brayton, with bonds fixed at \$4,000. John R. Kittrill was appointed attorney for the absent heirs. Wm. Nichols, P. R. Fuson and Samuel Hill were appointed appraisers.

Rev. J. M. Helsley, a Baptist minister at Wadsworth, was granted authority to solemnize marriages in this State. Tom Barnett intends to give the people benefit, no more nor less than a grand clearance sale of his immense stock of boots and shoes, furnishing goods, etc. The sale will commence on the 4th of June and continue ninety days.

Compound sage powder for constipation for sale by Osburn & Shoemaker.

Adjourned until 10 o'clock this morning.

Home Berries.

J. J. Poor informs us that he will have a two-third crop of strawberries and that he picked his first yesterday. Blakely & Stoddard had three cases of them and they went off like hot cakes. There is a vast difference between the home berries picked fresh from the garden and those brought from California, which must of necessity be at least several hours old.

Soap Bubble Social.

The ladies of the V. T. C. U. will give a soap bubble social at the Baptist Church Friday evening, June 29th. Bubbles blown at 8:30; admission 10 cents, and 10 cents for use of pipe. There will be a musical and literary entertainment and ice cream. Come everybody and have a good time and help a good cause.

A Big Gun.

If Captain Lord will send us one of those cannons used by the First Nevada Artillery, for use on the Fourth, he will place this riverside burg under many obligations to him. There is nothing better to rouse patriotism than a good loud report of a cannon.

Commencement Exercises.

The present term of Bishop Whiteaker's School for Girls ends to-day. The commencement exercises will be held this afternoon, beginning at 1:30 P. M. The seventeenth rehearsal of the Department of Music will be given this evening at 8 o'clock. All friends and patrons of the school are invited to attend these exercises. The programme for this evening is as follows: Part First consists of a cantata entitled "The Culprit Fay." The plot of this cantata is thus described: "A Summer midnight. At the Fairy revelry a Fay is accused of kissing a mortal maiden, and thus breaking his vestal vow. On account of the maiden's purity, his sentence is mitigated. The Queen commands him, in expiation, first, to catch a drop of water from beneath the arch of the sturgeon as it leaps from the river; second, to relight his fairy lamp by a spark from a shooting star. Opposed by the Water-Sprites, but aided by the Nymphs, he succeeds in the first quest. The second is more perilous. He is tempted by the Sylph to abandon it and dwell with them. Refusing to do this, he, by their charms, escapes the dangerous elements, catches the falling spark, and is restored to Fairy favor."

PART SECOND.

Light Cavalry Overture. Guy Manning and Walter Fulmer. Fantasia on Wm. Tell. Misses Munro and Sissie. Greeting to Spring. Misses McKay and Webb, W. A. Walker and R. Jose. Selection from the Creation. Isabel Osborne. Gavotte (for left hand alone). May Cara. Booccherini's Minuet. Carrie Webb Andante. Misses Hazlett and McKay. Bangle Song. May Cara. Polonoise Militaire. Misses Maily, Sissie, Hazlett, Manning and K. Grippen. The Arrow and the Song. Richard Jose. Dance of the Fairies. Misses Maily, Prescott, Spencer and H. Schooling. School Song. Graduating Class.

Elements of Public Buildings.

Our readers will hardly appreciate the benefit public buildings are to a town. We have been to some pains to get a fair estimate of the amount of money spent in Carson by the State and United States. The Mint there pays out about \$200,000 a year. It costs the State about \$23,000 dollars a month to run the government. This is \$276,000 a year. From these two sources, then, Carson City gets \$476,000 a year or about \$1,300 a day. If we add to this the wages paid out by the V. & T. R. R. to its employees in the large machine shops there, and the amount spent by litigants while attending the Circuit and Supreme Courts, we would have an average daily expenditure of nearly \$2,000 a day. Nearly all of this is circulated in Carson City. With such a constant stream running into the coffers of a town there should be an abundance for all.

Charles W. Pegg.

Charley Pegg, who was Sheriff of Washoe County from 1866 to 1872, is now running a fine eight column, four page weekly paper in Batavia, Ohio, a red-hot Republican, and his paper bristles with sharp things. As a sample we clip this one at random out of a column of short stingers: "A spy, informer, and sneak, who betrays his neighbor for money, is a sweet hound to talk of having 'condemned himself with a view to decency, integrity, sobriety,' and all the eternal virtues." The candidate thus kindly alluded to is named Dave Cowen.

One Price to All! Don't Forget It!

Tom Barnett intends to give the people benefit, no more nor less than a grand clearance sale of his immense stock of boots and shoes, furnishing goods, etc. The sale will commence on the 4th of June and continue ninety days.

Rev. J. M. Helsley, a Baptist minister at Wadsworth, was granted authority to solemnize marriages in this State.

Adjourned until 10 o'clock this morning.
